OFFICE OF LEGISLATIVE COUNSEL

25X1  
1. [redacted] Talked with William Woodruff, on the staff of the ~~Senate Appropriations Committee~~, and advised him that we are in the final stages of the preparation of our listing of research grants. This procedure is being undertaken as a result of a Bureau of the Budget Bulletin directing heads of departments and agencies to comply with a request from Senator Mansfield to compile such a listing. On the advice of Woodruff this material is being prepared for transmittal to Senator Russell as Chairman of the Appropriations Committee.

I discussed with Woodruff his view as to the necessity for also submitting this listing to the Chairman of the Senate Armed Services Committee. Woodruff said that, since Senator Mansfield's request grew out of an Appropriations Committee's consideration, he would recommend we submit the material only to the Chairman of the Appropriations Committee. This appears to be a reasonable position particularly since William Darden, former staff director of the Senate Armed Services Committee, 25X1 had referred us to Woodruff on this matter.

an [redacted] on the staff of Senator Thomas J. Dodd (D., Conn.), that, in accordance with our procedures with Jay Sourwine, on the staff of the Special Subcommittee on Internal Security, we would note their interest in [redacted] and we would notify them if he should ever become available for an appearance before one of the congressional committees. I told Martin we could find nothing regarding a Chinese motion picture producer and suggested he provide more information if he wished us to pursue this further.

3. [redacted] Dorothy Fosdick, Staff Director of the Subcommittee on National Security and International Operations, called to advise that Colonel Haaken Lindjord, who had previously worked on the Committee staff, has left the staff to work with Mr. Lincoln, on the staff of the Office of Economic Opportunity. We are notifying the Office of Security so that appropriate action can be taken regarding Lindjord's access clearances to compartmented information.
